Douglas A. Olsen-Olsen Land & Grazing Co.  
Jerry Bronicel-Division of Water Rights  
Acting Distribution Engineer  
C.W. Carvel Wayland- Division of Water Rights  
Sevier River Area Office

Meeting chaired by Don Prestwich.  
Minutes by Carvel Wayland.

I- Jerry Bronicel gave a summary of the current watershed  
accumulated percipitation reports. It was noted that the  
figures were above normal. It was noted paarticularly that  
538 percent of normal flow was expected into the Sevier  
River from Sigurd to Gunnison. Following this report, the  
minutes of the previous years meeting were read.

The Chair asked if there were any additions or corrections  
to the minutes. Commissioner Jensen commented at this point  
that the problem regarding the West Millburn Ditch mentioned  
in the minutes had still not been attended to and that it  
had not, probably because of other concerns such as the high  
run-off ect. Motion was made by Ray D. Christensen to  
accept the minutes as read. Motion was seconded by Rex Dye.  
Vote on motion passed.

VII- Chairman Prestwich commented that it would be desirable if someone would accept the positions of Vice Chairman and of Secretary for the coming year. Following some discussion on this matter, Joseph Bulow said he would accept the position of Vice Chairman and Rex Dye said he would be Secretary. This met the approval of those present.

VIII- It was proposed that the question of combining the Upper and Lower San Pitch River Distribution Areas again be pursued. After some discussion, the proposed was tabled.

IX- It was suggested that the 1985 Distribution Meeting be held at the Ephriam City Hall.

The meeting concluded at 12:00 p.m..
